

Call 2023-C Career Support Grants

Formal SNSA allocations for grants were decided on January 2, 2024, followed by a revision on February 20, 2024. The table below does not guarantee funding. The grants will be specified in Prisma, followed by agreement to the grant terms by researchers and organisations. Feedback to applicants were shared in January.

Dnr	First name	Surname	Gender	Project title	Organisation	Type of position	Grant (kkr)					Sum
							2024	2025	2026	2027	2028	
2023-00177	Ana Belén	Griñon Marín	Female	Energy balance of sunspots and their geometrical topology	Stockholm U.	Research fellowship	241	1 446	1 487	1 530	1 210	5 914
2023-00178	Anis	Elyouncha	Male	Integrated and consistent ocean variables for improved satellite-based air-sea flux estimates	Göteborg U.	Research fellowship	1 094	1 333	1 367	1 405		5 199
2023-00183	Moa	Persson	Female	Plasma transport and acceleration in Mercury's magnetosphere	IRF	Research fellowship	1 119	1 137	1 165	0		3 421
Sums (kkr):							2 454	3 916	4 019	2 935	1 210	14 534 kkr
